Mr Lance Glare
Director Infrastructure Policy
Department of Premier and Cabinet
Dumas House, 2 Havelock Street
West Perth, WA 6005

Hello Lance,

Perth City Deals – update on imminent proposal from the South West Group

Thank you for your time recently to discuss the 'Perth City Deal' and the opportunities that it presents for the South West metropolitan region. The purpose of this letter is to provide a short update on the South West Group's progress towards a proposal for Government's consideration.

We have engaged PricewaterhouseCoopers to work with the South West Group to prepare a draft proposal by mid-late September 2018. Following feedback from key stakeholders, I intend to refine the draft proposal into its final form by the middle of October 2018.

Once the proposal is finalised, I will be in contact to arrange a time to present it to Department of Premier and Cabinet.

Again, I would like to highlight the benefits for the DPC in working with the South West Group as a long-standing and respected organisation that has worked to progress the common interests of its member Local Governments since 1983.

If you have any questions, please don't hesitate to call me on 0406 420 854.

Yours sincerely,

Tom Griffiths
Director South West Group
